

USC Gehr Family Center for Health Systems Science

Gehr Guest Speaker Series presents

TO ERR IS HUMAN

America's #3 leading cause of death is its own health care system

“Medical mistakes lead to as many as 440,000 preventable deaths every year, making it the #3 leading cause of death in the United States. *To Err Is Human* is an in-depth documentary about medical mistakes and those working behind the scenes to create a new age of patient safety. Through interview with leaders in healthcare, footage of real-world efforts leading to safer care, and one family’s compelling journey from victim to empowered patient advocate, the film provides a unique look at our health care system’s ongoing fight against preventable harm.”

After the screening of the film, Q & A with film production will follow.

Thursday, **September 13, 2018**,
5:00 pm – 7:00 pm

Mayer Auditorium

1989 Zonal Avenue Los Angeles, CA 90033

Refreshments will be provided.
